(KC) Kimler Corey

508 Silver Spring Ave. ❖ Silver Spring, MD. 20910 ❖ (202) 262-2639 ❖ kimler@gmail.com

Objective

To implement powerful cutting-edge solutions and focus on innovation in an organization that empowers its customers, enriches its employees, and would benefit from a creative, strategic interdisciplinary team player.

Profile

Committed, responsive and responsible team member who takes ownership of goals as demonstrated by 10+ years as a consultant. Strong interpersonal and communication skills. Interactive, present and personable approach to communication.

Engages in continual self improvement, enjoys learning and takes on new skills easily. Uses the highest standards and best practices as a rule, but not afraid to think or go outside of the box if it leads to the best solution. Excellent systems evaluation and process development skills. Works well both independently with little to no supervision or on a team.

Develops vision, implements plans, and manages processes that ensure added efficiencies and productivity; demonstrated by successful service as technical director and as CSM (Certified ScrumMaster)
